Hello everyone,

This is the second of two emails I'll be sending this afternoon with EFED's statistical analysis and initial conclusions for the clothianidin and thiamethoxam colony feeding studies.

## Ex. 5 - Deliberative Process

We are happy to discuss further at one of our recurring meetings, or an additional meeting if needed. Please "reply all" if you have any technical questions, and feel free to forward this on if I missed any key players.

Thanks,

Monica Wait
